

# Cancer Coalition Circular

April 2024

As a [training and technical assistance provider](#) for the Centers for Disease Control and Prevention's (CDC) National Comprehensive Cancer Control Program (NCCCP), the American Cancer Society (ACS) is pleased to share a newsletter highlighting ACS events and resources from across the enterprise that may be of interest to CDC NCCCP recipients! For more resources and technical support for your coalition, visit our [ACS CCC website](#) and [sign up for our ACS Cancer Coalition Circular e-newsletter](#).

## Coalition Training Resource

### Coalition University: Creating an Effective Meeting Agenda

This new micro-learning is for cancer coalition staff/leaders looking to plan impactful and effective meeting agendas. Check out the 11-minute video, with tips on creating an agenda with a clear set of objectives, processes and action items.

- [Watch the Video Today!](#)
- [Download the Agenda Meeting Planning Template](#)

## Webinars & Meetings

### Join the conversation! CCCNP Coalition Check-in Meetings

ACS is a proud member of the [Comprehensive Cancer Control National Partnership](#)! CCCNP hosts quarterly "Coalition Check-Ins" -- informal, 30-minute video calls on a topic of interest to cancer coalition leaders. Join your cancer coalition colleagues for an interactive discussion facilitated by a member of the Comprehensive Cancer Control National Partnership.

#### Quarterly Tuesdays at 4:00 PM (EST):

- June 4, 2024 - TOPIC: Survivorship!
- September 10, 2024
- December 3, 2024
- [Download your "Save the Dates" HERE](#)

## Population vs. Individual Risk Assessment for Lung Cancer Screening Eligibility

Our colleagues at the [ACS National Lung Cancer Roundtable](#) invite you and your coalition partners to a monthly webinar series! Build capacity to address lung cancer across the care continuum, as subject matter experts from NLCRT address hot topics AND incorporate voices from individuals living with lung cancer and the patient advocate community.

The next installment in the series will feature Robert Smith, PhD; Richard Hoffman, MD; Hormuzd Katki, PhD; and Lecia Sequist, MD. MPH in a discussion on methods to conduct risk assessment for lung cancer screening eligibility:

- **Date: Friday, April 26, 2024**
- **Time: 12 PM - 1 PM (EST)**
- **Encourage your Coalition's lung cancer champions to register for the series - [HERE!](#)**

## Clinician Strategies and Resources: Caring for Adolescents and Young Adults as they Transition to Cancer Survivorship

Our ACS Prevention & Survivorship colleagues are partnering with The Leukemia and Lymphoma Society, in collaboration with Medical Learning Institute, Inc., for an interactive, live webinar. Learn about addressing the unique challenges faced by adolescent and young adult (AYA) cancer patients as they transition into survivorship, emphasizing interdisciplinary care and long-term support.

**Speakers:** Rebecca Eary, DO, MPH; Danielle Friedman, MD, MS; Brittany Hall, PhD; Michelle Rajotte, LMSW (Moderator); Michael Roth, MD; Angela Yarbrough, DNP, APRN, FNP-BC, CPHON

- **Date: May 9, 2024**
- **Time: 1 PM- 2 PM (EST)**
- **Encourage your Coalition's survivorship partners to [REGISTER HERE](#) (Zoom link provided after registering)**

This learning opportunity will provide [free continuing education credits](#) for physicians, registered nurses, and social workers.

## ACS Cancer Statistics Center

## Explore Your State's Cancer Data

The [ACS Cancer Statistics Center](#) is an extension of the [ACS Cancer Facts & Figures](#) and Cancer Statistics reports. This ACS resource provides detailed statistics on topics such as: the estimated numbers of new cancer cases and

deaths in the current year **by site and state**; cancer incidence, mortality, and survival rates and trends; and state-level risk factor and screening prevalence. The website aims to serve the needs of cancer control advocates, researchers and academics, journalists, government and private public health agencies, and policy makers, as well as patients, survivors, and the general public, in order to promote cancer prevention and control.

- [Check out the ACS Cancer Statistics Center -HERE!](#)

## ACS Cancer Action Network

### Factors Influencing Cancer Disparities

The [American Cancer Society Cancer Action Network](#) (ACS CAN) believes everyone should have a fair and just opportunity to prevent, detect, treat, and survive cancer.

No one should be disadvantaged in their fight against cancer because of income, race, gender identity, sexual orientation, disability status, or where they live.

**Read this newly updated fact sheet** on [Factors influencing Cancer Disparities](#) and the policy changes that could make an impact.

## ACS Roundtables

**Additional coalition resources can be found on the ACS National Roundtable websites. [Check them out today!](#)**

- National Breast Cancer Roundtable ([ACS NBCRT](#))
- National Colorectal Cancer Roundtable ([ACS NCCRT](#))
- National HPV Vaccination Roundtable ([ACS HPVRT](#))
- National Lung Cancer Roundtable ([ACS NLCRT](#))
- National Navigation Roundtable ([ACS NNRT](#))
- National Roundtable on Cervical Cancer ([ACS NRTCC](#))

## Thank-you!

**Thank you for your efforts to reduce the burden of cancer through health equity, prevention, risk reduction, early detection and screening.**

For cancer coalition questions, information and support, email [Katie Bathje](#), ACS Strategic Director, Comprehensive Cancer Control Initiatives.
