

# Learning Communities for CCC Cancer Coalitions **JOIN US!**

ACS is a training & technical assistance provider of the Centers for Disease Control & Prevention's National Comprehensive Cancer Control Program. These learning communities are one of many learning opportunities offered to NCCCP grantee coalitions through this cooperative agreement.

## WHAT WILL YOU LEARN?

- **Cancer Planning Learning Community learning objective:** Increased confidence & self-efficacy in leading the cancer planning process.
- **Colorectal Cancer Mortality Disparities learning objective:** Increased capacity to integrate interventions mitigating colorectal cancer mortality disparities into the cancer planning process.

## HOW WILL YOU LEARN IT?

- Learning community sessions will include panel discussions, brief presentations, small group breakouts and Q & A time with subject matter experts and peers.

## WHO SHOULD JOIN?

- NCCCP grantee program & coalition staff members & their coalition partners. The Cancer Planning LC is ideal for those new to the process.
- The CRC Mortality LC would be ideal for coalitions prioritizing CRC initiatives.
